

AMENDMENT #3

Subject: Aceh Road and Bridge Reconstruction Project
RFP Number: Indonesia 06-015
Issue Date for Amendment #3: June 23, 2006
Issue date for Solicitation: June 10, 2006
Closing Date: July 28, 2006 @ 3:00pm Jakarta Time

Dear Potential Offerors:

The United States Government, represented by the U.S. Agency for International Development Mission to Indonesia (USAID/Indonesia) is hereby amending the Subject RFP.

Amendment #3 is as follows:

1. It has been discovered that several individual design sheets were mistakenly omitted from the disc that contained Section J-2 of the subject RFP. These design sheets were completed at the release date of the RFP however, the contractor responsible for the preparation of the disc mistakenly omitted these particular design sheets.

These design sheets are as follows:

- **Vol I: DWGS C-145 & C-146 -- From the Plan & Profile section**
- **Vol II: XS084 & XS085 -- From the Cross Section & Detail Section**
- **Vol III: S-508D (8 of 20) S-513D (13 of 20) & S-514D (14 of 20) -- From the 19m single span bridge.**

These design sheets and several additional design sheets will be included in what will be an Amended Section J-2 to be released on June 28, 2006 at the Pre-Proposal Conference. For those firms that have already requested a copy of Section J-2, these omitted design sheets will be e-mailed directly to these potential offerors. Additionally, should a potential offeror request a copy of Section J-2 prior to the release of the Amended Section J-2 on June 28, 2006, these will be e-mailed separately.

2. The following questions have been formally asked by potential offerors:
 - A. **Page 139, Paragraph 2, Corporate Past Performance** “For the Offeror and each major subcontractor, list five to six (5-6) most recent (no later than 6 years from the start of the project) and relevant contracts for efforts similar to this requirement” and [sic] **Page 140, Paragraph 4, Corporate Organization and Capabilities** – “If an Offeror proposes a consortium approach, the Offeror must describe the formal relationships between/among firms with differing capabilities required to meet the requirements of this request”.

Given these two statements, please clarify if the Page 139 Paragraph 2 statement means that the Prime Contractor and his subcontractor(s) each must independently provide the five to six relevant experiences or can the consortia's

combined experience, i.e., that of the prime and the subcontractors, equate to a total of five to six relevant experiences?

Answer: *All proposed prime, major subcontractors shall submit five to six (5-6) most recent (no later than 6 years from the start of the project) and relevant contracts for efforts similar to this requirement. This shall also include any contractor or major subcontractor that is proposed under a consortium or Joint Venture arrangement.*

- B.** We note that an item on the Draft Agenda for the Pre-Proposal Conference (PPC) timed for 11:25 indicates that you will provide information regarding Helicopter charter. (i) Would it be possible to provide this information ahead of the meeting as we are considering taking a helicopter flight along the route in the afternoon of the 28th after the PPC. (ii) Would USAID Indonesia consider arranging to charter a helicopter for the afternoon of the 28th if there was sufficient interest from Contractors and they were prepared to cover their share of the cost?

Answer: *The answer to both of the questions posed in this question is no. The time set aside for providing information regarding site visits is for informational purposes only. USAID/Indonesia will not make any arrangements for site visits. The information that will be provided will be provided at one time to everyone present at the Pre-proposal Conference and is to be considered informational only and is provided as a courtesy to the participants. It will not be released early. Schedules, times and costs vary greatly and USAID will hold no responsibility for inaccuracies in this information. All contractors shall bear the full responsibility for site visits. All official information regarding this procurement (including this information) will be placed on the Government Point of Entry: www.fbo.gov. Please refer to this website for the most up-to-date information regarding this project.*

QUESTIONS

Potential offerors may submit questions concerning this amendment and/or solicitation in writing to Dale Gredler, Contracting Officer, either by fax at (62-21) 3483-0222 or email (Email preferred) at rfp06_015@usaid.gov. The overall deadline for receipt of questions or requests for clarifications is no later than 5:00pm (Jakarta time), July 17, 2006. No questions will be answered after this deadline.

Issuance of this solicitation and its amendments does not in any way obligate the U.S. Government to award a contract nor does it commit the U.S. Government to pay for costs incurred in the preparation and submission of a proposal. Furthermore, the Government reserves the right to reject any and all offers, if such action is considered to be in the best interest of the Government.

Sincerely,

Dale J. Gredler
Contracting Officer
